ABOUT US

"Tai Huei screw industry CO. LTD." was found in 1980, we are a professional manufacturer of fasteners, especially in screws for wooden furniture.

Our main products include: wood screws, machine screws, tapping screws, drywall screws, chipboard screws, self-drilling screws, concrete screws, and we produce other metal hardware. We possess 80 sets of heading & threading machines and our monthly production capacity is 700 tons.

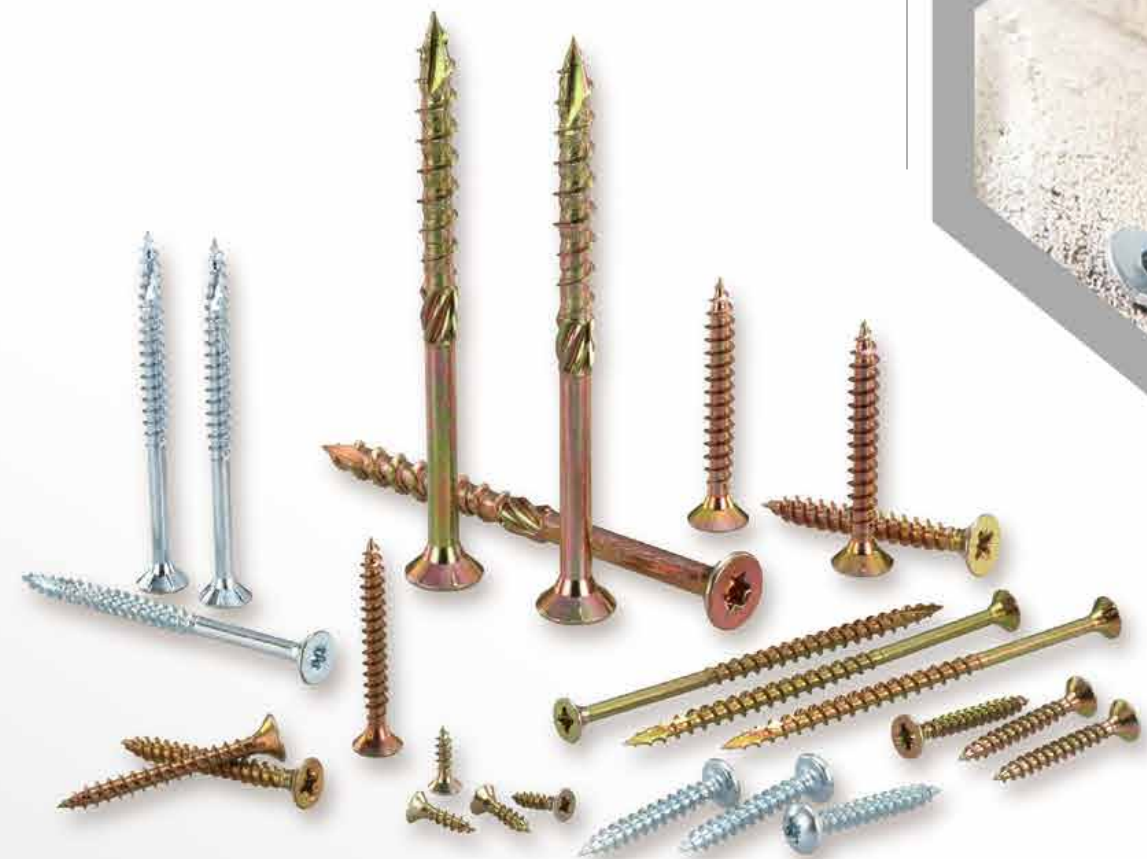

We not only manufacture standard fasteners according to "DIN" and "IFI" norm, but also accept customized orders and develop new products to meet the need of markets.

As a professional screws manufacturer, we offer good prices, excellent quality and prompt delivery for our clients. Besides, we carry ISO9001 certification in 2011 as well as CE certification in 2014, the certifications are our quality warranty. Therefore, we believe that once we start to work with each other, both of us should grow up at a speed rate, we welcome to receive your inquiry and expecting that we could establish a lasting, friendly and fruitful business relationship with your esteemed company in the near future.
